

# FULFLO TRI-CARTRIDGE FILTER

## THE ULTIMATE IN POOL WATER CLARITY

Fulflo filters are constructed to house extra large filter cartridges with surface areas of up to 500 sq.ft.

The Fulflo's filter cartridge design provides a high dirt holding capacity, thus decreasing its cleaning frequency.

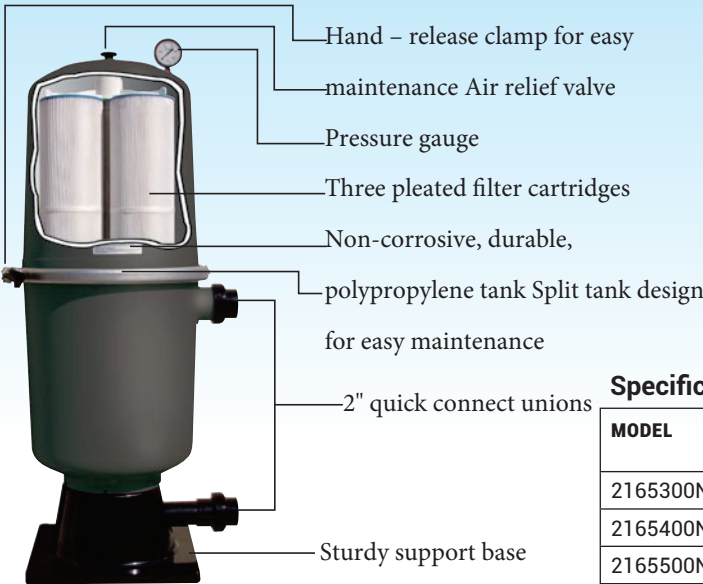

Fulflo cartridge filters are ideal for applications where backwashing may not be practical or areas where water may be scarce.

Fulflo Cartridge Filter

Construction

Built to endure the rigours and pressures of the outdoor environment, Fuflo Cartridge Filters are made from specially engineered polymers that have been tested for durability and strength.

Filter Cartridge

At the heart of the Fulflo Cartridge filter is a pleated filter cartridge, constructed from heavy duty, easy-to-clean polyester fabric. The cartridge's pleats create a large surface area providing a high dirt holding capacity, thus decreasing its cleaning frequency.

Specifications

MODEL	FILTER AREA SQ.FT.	MAX FLOW	MAX POOL SIZE	WORKING PRESSURE
2165300NA	300 SQ.FT	112 GPM	40,000 GAL	50
2165400NA	400 SQ.FT	134 GPM	50,000 GAL	50
2165500NA	500 SQ.FT	134 GPM	50,000 GAL	50

Material : Polyester Fabric material, Vinyl Plastisol end caps and a Polypropylene core

Operating Temperature : 39°F to 122°F

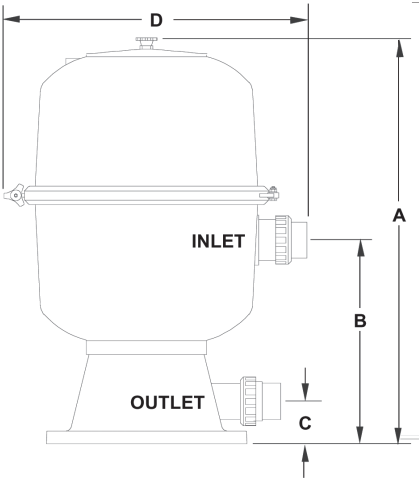

Maximum Pressure Drop : 3psi

POWERED BY PLEATCO

Maintenance

Fulflo cartridge filter's split tank design incorporates an easy to use clamp that requires no additional tools for simple cartridge removal and replacement, allowing for quick access to the filter cartridge without disturbing the piping and connections.
