

MICRON

SIDE MOUNT SAND FILTER

Waterco fibreglass filters embody the latest in fibreglass winding technology. Waterco's digitally controlled filament winding machine faultlessly winds continuous strands of fibreglass filament to create a strong filter vessel with refined consistency and superior quality.

Proven Durability

Waterco fibreglass filters are perfectly suited to the constant increases and decreases in pressure experienced by sand filters. Accelerated cyclic testing has shown that even after simulating 20 years of use, Waterco fibreglass filters withstood cyclic wear and tear better than most other filters in its class.

Easy Maintenance

Cleansing the filter simply requires turning the Multiport ever from the 'filter' position to the 'backwash' position.

Warranty

Waterco shows its ultimate confidence in its range of Micron Side Mount S Filters by offering a 10-year* tank warranty and 1 year warranty on all other components.

* Commercial applications attract a 5-year (1 year full plus 4 years pro rata) tank warranty.
